A sandy dune with several large, rusted metal anchors scattered across it under a cloudy sky. The anchors are made of dark, weathered metal and are positioned at various angles, some leaning against the sand. The sky is filled with large, white, fluffy clouds, and the overall scene is a mix of natural and industrial elements.

Rio Reflection

A wide, calm river flows through a landscape, its surface acting as a perfect mirror for the sky above. A large, fluffy white cumulus cloud is the central focus, its reflection clearly visible in the water. The sky is a deep blue, dotted with other smaller clouds. The riverbanks are covered in dry, brownish vegetation, and a small cluster of buildings is visible on the left bank in the distance.
